

Advanced Voice and Screen Recording

**Eliminate the he said,
she said, conversations
that cost you money!**

At Last...

Affordable server based line tap solutions

- ▶ Ideal for mission critical liability recording for public safety, financial services, and customer contact and training centers.
- ▶ Works with all business telephone systems.
- ▶ Monitor agents live from any place on earth!
- ▶ Secure, tamper-proof, back-room installation no messy handset / PC connections.

- ▶ Record always or on demand – e-mail conversation as wav files.
- ▶ Automatically archive up to 700 hours of conversations on a single DVD.
- ▶ View all telephone set and desktop activity from any networked administrator's console.
- ▶ Captures CTI information:
 - Name
 - Start / end time
 - Date
 - Comments
 - Caller ID
 - Set Display
- ▶ Modular expansion – priced right for the growing business!
